NAS LEMOORE INSTRUCTION 2061.1B

From: Commanding Officer, Naval Air Station, Lemoore

Subj: PROCEDURES FOR MAKING OFFICIAL OUTGOING DEFENSE SWITCHED NETWORK (DSN) AND COMMERCIAL TELEPHONE CALLS WHEN THE SWITCHBOARD IS SECURED

Encl: (1) Criteria for Precedence and Routine Calls
(2) Authorization Symbols for Naval Air Station, Lemoore

1. Purpose. To provide policy and guidance for placing outgoing routine or precedence DSN calls when the switchboard is secured.

2. Cancellation. NASLEMINST 2061.1A

3. Information

a. Operator assistance is available at NAS Lemoore from 0700-1630, Monday through Friday. The switchboard is secured nights, weekends, and holidays. After hours and during weekends and holidays all personnel requiring DSN access as indicated in paragraph 3c will report to the quarterdeck, building 705 for assistance.

b. Class of Service (COS) 2 and 3 numbers at NAS Lemoore have direct access to DSN for placing ROUTINE calls within CONUS and Alaska.

c. There is no precedence capability or overseas access without telephone operator assistance or the assistance of a telephone operator at another installation with 24-hour service.

d. Enclosure (1) sets forth criteria for routine and precedence calls and users should be familiar with the purpose to be served by each level of precedence.

4. Action. Authorization symbols listed in enclosure (2) will be required when placing DSN operator access precedence level and overseas calls with the Naval Station, San Diego operator. The following procedures can be utilized for placing DSN calls after normal duty hours.

04 FEB 1993

a. Outgoing calls from station phones (subject to preemption):

(1) Routine: To place a routine DSN call, dial "8", wait for the dial tone, and dial the DSN number.

(2) Precedence or overseas calls: Up to and including immediate precedence - via Naval Station, San Diego, CA, DSN 8-524-0400. Give the operator the number you are calling and the NAS Lemoore authorization symbol denoting precedence level and calling area.

(3) Flash precedence: Only via NAVCOMSTAICSB San Diego, DSN 8-522-1073/8-958-5472.

b. Outgoing calls from commercial numbers to DSN lines:

(1) Precedence or overseas calls up to and including immediate precedence, via Naval Station, San Diego, CA, dial the commercial number direct, area code (619) 239-9381. Give the operator the number you are calling, the NAS Lemoore authorization symbol denoting precedence level and calling area, and you will be connected to the number on a DSN line.

(2) Flash precedence only, via NAVCOMSTAICSB San Diego, (619) 239-9386, dial the commercial number direct, give the operator the number you are calling and the operator will connect you.

c. Outgoing calls (direct dialed commercial calls in lieu of DSN): All Department of Defense activities have commercial numbers as well as DSN. Obtain the commercial number of the installation you wish to call from information and dial the number direct. The calls may be placed from any phone with class of service 2 or 4. If the call is placed from a private residence or placed with a commercial operator, the long distance operator should be requested to obtain the number desired and bill to your official government extension.

CRITERIA FOR PRECEDENCE AND ROUTINE CALLS

1. FLASH OVERRIDE

Flash override is a capability and is not considered a level of precedence. Exercising this capability preempts calls of all levels of precedence except flash override. The flash override capability is available to the following:

- (a) The President of the United States of America.
- (b) The Secretary of Defense and the Chairman of the Joint Chiefs of staff.
- (c) Commanders of Unified and Specified Commands.

2. FLASH

Flash calls preempt immediate, priority, and routine calls listed below are examples of flash calls:

- (a) Calls pertaining to command and control of military forces essential to defense and retaliation.
- (b) Critical intelligence essential to national survival.
- (c) Conduct of diplomatic negotiations critical to ceasing or limiting hostilities.
- (d) Dissemination of critical civil alert information essential to national survival.
- (e) Continuity of federal government functions essential to national survival.
- (f) Fulfillment of critical United States internal security functions essential to national survival.
- (g) Catastrophic events of national or international significance.

3. IMMEDIATE

Immediate calls preempt priority and routine calls and are reserved for communications pertaining to situations which gravely affect the security of National and Allied forces. Listed below are some examples of immediate calls:

- (a) Reconstitution of forces in a post attack period.
- (b) Intelligence essential to nation security.
- (c) Conduct of diplomatic negotiations to reduce or limit the threat of war.

Encl (1)

0 4 FEB 1993

(d) Implementation of federal government actions essential to national survival.

(e) Situations which gravely affect the internal security of the United States.

(f) Civil Defense actions concerning direction of the population and their survival.

(g) Disaster or events serious enough to have an immediate and detrimental effect on the welfare of the population.

(h) Vital information having an immediate effect on aircraft, spacecraft or missile operations.

(i) Distress assistance.

4. PRIORITY

Priority calls preempt routine calls and are reserved for communications requiring expeditious action by called parties furnishing essential information for conducting government operations.

5. ROUTINE

This precedence applies to official government communications which require rapid transmission by telephonic means but do not require preferential handling. A routine call does not preempt any other call.
